

Improvement Project Set to Begin on County Home Road

County Home Road will soon be under construction from N Center Point Road to the bridge over Indian Creek 1/2 mile west of Highway 13. Construction improvements include concrete paving, the addition of right and left turn lanes, and single lane roundabouts at the C Avenue Extension and Alburnett Road intersections.

The improvement project will begin April 6, 2020. The project will start with the closing of County Home Road in Phases 2 and 3. A map with the project phasing is available on the [Linn County website](#). The contractor will have 240 working days to complete the entire project. Working days are days in which the contractor can reasonably work. Weekends and days with bad weather do not count toward the 240 allowable working days. Construction will pause in November and the road will reopen for the winter months. The project will resume in the spring of 2021. The anticipated completion date for the project is August 2021.

Detour Information

The project will be completed in phases in order to minimize the effect on local traffic. Some sections of County Home Road will remain open as other sections are under construction. The location of the closures will change throughout the project. Through traffic will not be able to use County Home Road to get between N Center Point Road and Highway 13. The following detour will be posted:

- Eastbound traffic will be detoured on I-380 South to Highway 100 East to Highway 13 North to County Home Road.
- Westbound traffic will be detoured on Highway 13 South to Highway 100 West to I-380 North to County Home Road.
- [Detour Map is available online](#)

Local Traffic

- Not all sections of County Home Road will be closed during construction. The work will be completed in phases in order to minimize the effect on local traffic.
- The project will start with the closing of County Home Road in Phases 2 and 3. A map with the project phasing is available on the [Linn County website](#).
- Traffic will be able to cross County Home Road at any intersection that is not currently under construction.
- Local Traffic will be able to use the closed phases of County Home Road to access their properties as long as there isn't fresh concrete.
